STATEMENT FILED PURSUANT TO THE DUTY OF  
DISCLOSURE UNDER 37 CFR §§1.56, 1.97 AND 1.98

Sir:

Pursuant to the duty of disclosure under 37 C.F.R. §§1.56, 1.97 and 1.98, the Applicants request consideration of this Information Disclosure Statement.

PART I: Compliance with 37 C.F.R. §1.97

This Information Disclosure Statement has been filed before the mailing date of a first Office Action on the merits in the above/identified case.

No fee or certification is required.

PART II: Information Cited

The Applicants hereby make of record in the above/identified application the information listed on the attached form PTO/1449 (modified). The order of presentation of the references should not be construed as an indication of the importance of the references.

The Applicants would like to bring to the Examiner's attention the enclosed International Search Report for co-pending International Application No. PCT/US2003/034174.

The Applicants would like to bring to the Examiner's attention the following other information, whose relevance is discussed in Part III below:

PART III: Explanation of Non-English Language References and Remarks Concerning Other Information Cited

The following is a concise explanation of the relevance of each non-English language reference listed on the attached form PTO-1449 (modified):

The relevance of EP 0 175 096 is indicated in its attached English language translation.

The relevance of EP 0 280 972 is indicated in its attached English language translation.

The Applicants are not in possession of any English language translations of the following references.

The relevance of DE 19 734 890 is indicated in its figures, and in its English abstract obtained online from the European Patent Office.

The relevance of DE 29 33 266 is indicated in its figures.

The relevance of DE 3 421 390 is indicated in its figures, and in its English abstract obtained online from the European Patent Office.

The relevance of DE 3 320 076 is indicated in its figures, and in its English abstract obtained online from the European Patent Office.

The relevance of DE 40 18 736 is indicated in its figures, and in its English abstract obtained online from the European Patent Office.

The relevance of EP 0 551 920 is indicated in its figures, and in its English abstract obtained online from the European Patent Office.

The relevance of EP 0 555 549 is indicated in its figures, and in its English abstract obtained online from the European Patent Office.

The relevance of FR 2 779 935 is indicated in its figures, and in its English abstract obtained online from the European Patent Office.

The relevance of FR 2 779 934 is indicated in its figures, and in its English abstract obtained online from the European Patent Office.

The relevance of WO 94/28807 is indicated in its figures, and in its English abstract.

The relevance of WO 96/24299 is indicated in its figures, and in its English abstract.

The relevance of WO 97/03713 is indicated in its figures, and in its English abstract.

The relevance of WO 97/49441 is indicated in its figures, and in its English abstract.

The relevance of WO 99/65407 is indicated in its figures, and in its English abstract.

The relevance of WO 99/65408 is indicated in its figures, and in its English abstract.

The relevance of WO 99/66848 is indicated in its figures, and in its English abstract.

#### PART IV: Remarks

Documents cited anywhere in the Information Disclosure Statement are enclosed unless otherwise indicated. It is respectfully requested that:

1. The Examiner consider completely the cited information, along with any other information, in reaching a determination concerning the patentability of the present claims;
2. The enclosed form PTO/1449 be signed by the Examiner to evidence that the cited information has been fully considered by the Patent and Trademark Office during the examination of this application;
3. The citations for the information be printed on any patent which issues from this application.

Serial No.: 10/695,632  
Conf. No.: 6413

/ 4 /

Art Unit: 3734

By submitting this Information Disclosure Statement, the Applicants make no representation that a search has been performed, of the extent of any search performed, or that more relevant information does not exist.

By submitting this Information Disclosure Statement, the Applicants make no representation that the information cited in the Statement is, or is considered to be, material to patentability as defined in 37 C.F.R. §1.56(b).

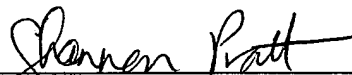

By submitting this Information Disclosure Statement, the Applicants make no representation that the information cited in the Statement is, or is considered to be, in fact, prior art as defined by 35 U.S.C. §102.

Notwithstanding any statements by the Applicants, the Examiner is urged to form his own conclusion regarding the relevance of the cited information.

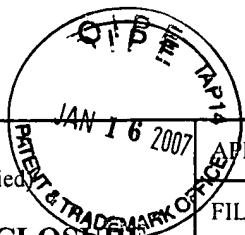

An early and favorable action is hereby requested.

Respectfully submitted,

By:

EXAMINER:	DATE CONSIDERED:
-----------	------------------

#EXAMINER: Initial if reference considered, whether or not citation is in conformance with MPEP 609; Draw line through citation if not in conformance and not considered. Include copy of this form with next communication to Applicant.

\*a copy of this reference is not provided as it was previously cited by or submitted to the office in a prior application, Serial No. \_\_, filed \_\_, and relied upon for an earlier filing date under 35 U.S.C. 120 (continuation, continuation/in/part, and divisional applications).

[NOTE / The Office hereby waives the requirement under 37 CFR 1.98 (a)(2)(i) for submitting a copy of each cited U.S. patent and each U.S. patent application publication for all U.S. national patent applications filed after June 30, 2003 and for all international applications that have entered the national stage under 35 USC 371 after June 30, 2003. See 37 CFR 1.491(b). For all patent applications filed on or before June 30, 2003, copies of cited U.S. patents and patent application publications are still required unless an eIDS is filed. Copies of all other patent(s), publication(s), or other information listed must still be provided, even if it was previously submitted to, or cited by, the U.S. Patent Office in an earlier application, unless the earlier application is identified by the IDS and is relied upon for an earlier filing date under 35 U.S.C. §120, and the copy was provided in the earlier application.]
